DISSEMINATION OF EVIDENCE-BASED PROGRAMS

Digital platform that incorporates content to support healthy habits for over 25 chronic conditions, including:

- Type 2 Diabetes
- Weight Management
- Hypertension
- High Cholesterol
- Cancer

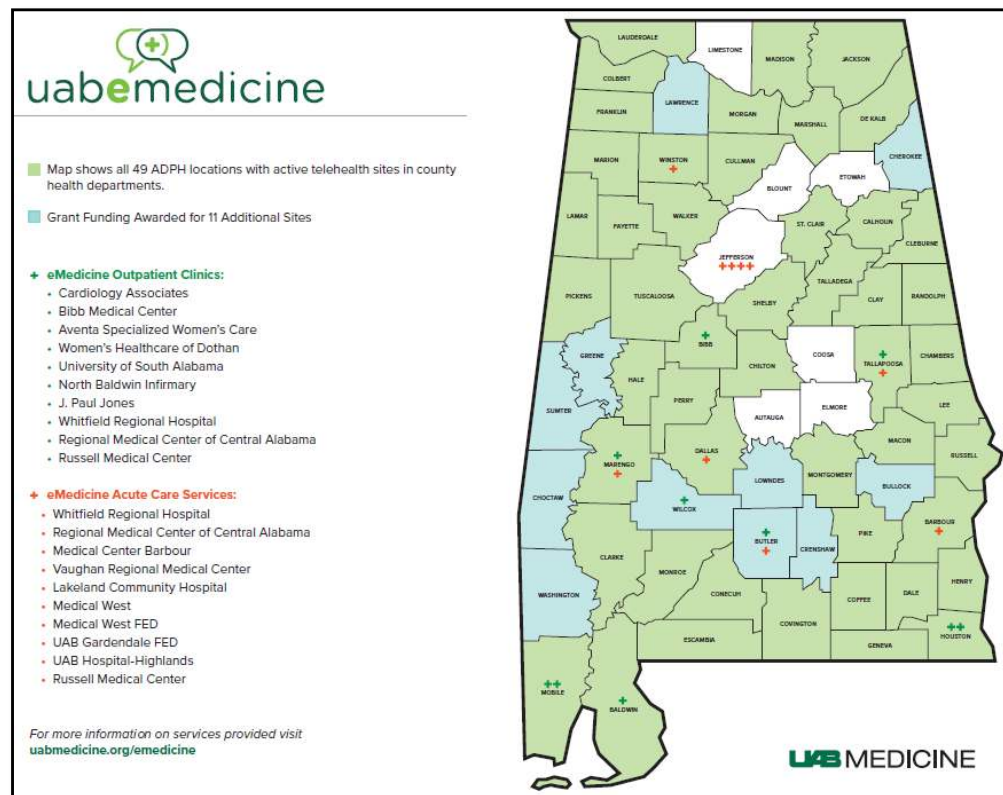

<https://solutions.packhealth.com/>

Access to High Quality Care

Virtual Specialty Consults

- 1,472 ambulatory visits that have saved a total of 157,127 miles of driving
- This equates to an emissions reduction of taking 13 cars off the road for a year.
- 2,611 hours of patients' driving time saved—a savings of \$54,962 in employee productivity.

- Total costs declined by \$781.29 more per quarter per navigated patient for an estimated \$19 million decline per year across the network.
- Emergency room visits, hospitalizations and intensive care unit admissions decreased per quarter by 6 percent, 7.9 percent and 10.6 percent, respectively.

HEALTH PROMOTING SOCIAL, ECONOMIC AND BUILT ENVIRONMENTS

Launched the Mental Health In School Collaborative Plan to build a sustainable and connected system of support in four participating districts

- **TRAINING**
- **ASSESSMENT**
- **SERVICES**

- More than 11,000 Central Alabama students have received behavioral screening.
- Nearly 400 teachers and staff have received mental health training.
